ARCHITECTURAL COMMITTEE**

ARCHITECTURAL CONTROL COMMITTEE (ACC)

Standard Architectural Policy (SAP)

General Standards for Garage Doors:

- Garage doors on High Visibility (HV) Lots, see definition below, must be wood and have an elevated design.
- Some “wood look’ and modern/contemporary garage doors may be acceptable on HV lots.
 - Images have been provided below of doors that have been “pre-approved” for HV lots. Please note, these are not the only acceptable options. Any sample can be submitted for review and approval.
- All garage doors shall complement the design aesthetic of the home.
- All garage door windows are required to be opaque.

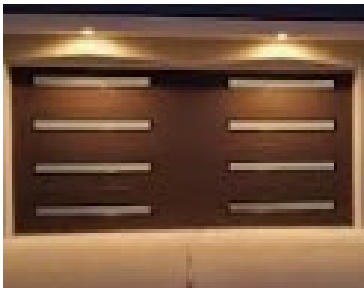

Wood Look:

ARCHITECTURAL COMMITTEE

Wood Look Continued:

Modern/Contemporary:

High Visibility Lots are contiguous with or are across the street from those lots that back up to the golf course, Lake LBJ, Resort amenities or common areas, or are located on primary streets.
